SEMI-CUSTOM PRODUCTS

SEMI-CUSTOM PRODUCTS

- We offer a wide range of semi-custom products across all categories.
- All semi-custom products have limitations.
- Sizes range from kids to adults depending on the garment.
- Cuts range from men's, women's, unisex & kids depending on the garment.
- Semi-custom products have a shorter turn around time.

PRODUCT STYLES & COLOUR

- Semi-custom products are limited to a couple of pattern styles. Once all units of a style are sold the product becomes discontinued and won't be manufactured again.
- Semi-custom products are also limited in colour selection, each style only comes in a select number of colours. Once all units of a colour are sold the product becomes discontinued and won't be manufactured again.

ARTWORK PRINTING

- Artwork printing comes in limited printing options.
- Printing options: Embroidery, Screenprint, Heat Transfers, Silicone Print & 3D textured printing.
- Placement: Artwork placement also comes with imitations with where you can place a logo and what size it can be.
- For unique branding for your club we recommend going with full-custom.

ONLINE ORDERING

THE BENIFITS OF ONLINE ORDERING

Here are a few reasons why we believe our online ordering system is right for you and your club.

- It's time efficient for merchandise managers and members. Orders are placed in the members own time.
- Orders can be placed from a computer, smart phone or tablet.
- No need to bring cash on training nights or game day. Direct bank transfer and Paypal payment options available on the online system.
- All your items are in one location.
- The shop is password protected so no unauthorised users can access your products.
- No more chasing up money from members.
- No more having to write out sizes and other product variables.
- It puts the responsibility back on the members to make sure all their product details are right.
- Sizing is made easy with added size charts.
- Lastly, it's easy to use.

Shop Now. Enjoy Now. Pay Later.

THE PROCESS OF ONLINE ORDERING

To start the process of creating your online store all we need to know are three things:

- 1) What products you would like on the store.
- 2) What prices you would like to place on each product.
- 3) What date you would like to end this round of ordering.

Once we receive this information we create your online store. An email will be sent to you with the link to your store along with the password (password optional) to access the store.

All you have to do now is sit back and wait for the round of ordering to end. Once the round of ordering is complete and the minimum order requirements set in the product quote or as discussed with a 1Pro staff member have been met we send the order to the factory for production (*Production takes 4-6 weeks). Meanwhile we send you a list of the orders placed as well as send you a cheque with the profits made from the orders. Once the order has finished production the order is sent to 1Pro HQ for final inspection before being sent to the clubs preferred delivery address.
* Complete manufacturing time for full custom apparel. Stock Item manufacturing time will vary.
